

United Business Student Senate

The official academic student council at Cal Poly Pomona which serves all organizations within the College of Business Administration. In addition to acting as a liaison between administration and students, UBSS strives to build a Learn By Doing setting where students can learn and gain experience in a safe and well supported environment.

Management Information Systems Student Association

Who We Are

MISSA is a student chapter of ISACA, an international professional association focused on IT governance, and a student-run club at Cal Poly Pomona. We focus on helping students build technical skills through projects and competition and bringing students and professionals in technology together to expose students to future career paths.

What We Offer

- Data Analytics Team: a community to learn data analytics through projects
- Fall Tech Mixer: recruiting events
- IT Competition: Business-case competition with hands-on experience
- Mentorship Program: 1-on-1 pairing with Eboard
- And many more!!

CHI EPSILON CHAPTER**

The **premier**
co-ed business
fraternity at
Cal Poly Pomona.

OPEN TO ALL MAJORS, IDENTITIES, AND BACKGROUNDS

WHY SHOULD YOU JOIN?

- To develop leadership and teamwork skills
- To enhance professional development and networking skills
- To build life-long friendships with like-minded individuals
- To step out of your comfort zone and achieve greater things
- To seek guidance with internship and job opportunities

OUR STORY

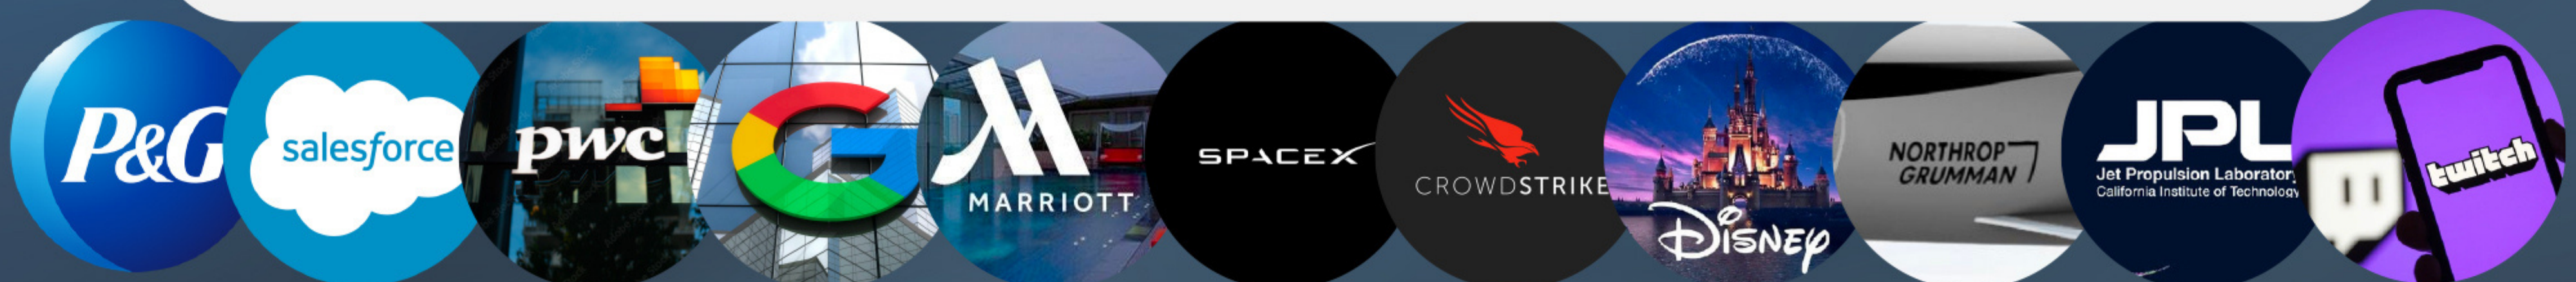

Perceived as a commuter school, Cal Poly Pomona constantly has students feeling unsure of where they belong. The Chi Epsilon chapter aims to be a place where those with different interests, passions, and talents can come together with others who share the same fundamental values. **Although centered around business, Alpha Kappa Psi is a co-ed professional business fraternity open to all majors.**

OUR VALUES

Alpha Kappa Psi adheres to 5 lifetime values: **Brotherhood, Knowledge, Integrity, Service and Unity.** Each of these serve as principles that our brothers commit to strongly live and abide by. With over 300+ worldwide chapters and an immense number of alumni, you can find yourself among a unique and renowned network of incredible individuals.

NSLS

The National Society of Leadership and Success

The National Society of Leadership and Success (NSLS) has been a club on campus since 2011. There are two primary goals of this club: To help students learn more about themselves as leaders, and to develop their leadership skills through developing and leading projects that serve the club, the campus, and the community.

NSLS holds general meetings on the 2nd and 4th Tuesday of each month during U-hour (12:00 – 12:50 PM). During these meetings, we hold workshops which cover the psychology of leadership, career readiness such as resume building, LinkedIn, and what business casual entails.

The executive board is made up of student leaders who work hard to offer the action steps that each NSLS student must complete to be inducted into the National NSLS organization. We welcome students from every college on the Cal Poly Pomona campus. We have an ambitious agenda for the 2023 – 2024 academic year. From bringing in guest speakers that add value to our club to setting community service goals as a group, we aim to help each club member practice and reflect on their own skills and abilities as leaders.

We hope that you will connect with us when you enroll this fall. Be sure to follow us on our website calpolypomonansls.com and follow our Instagram @cppnsls for updates on the Orientation sessions we will hold in the beginning of the fall semester. This club will help you make friends, set personal goals, and develop your leadership skills. We look forward to seeing you and watching your leadership skills develop at Cal Poly Pomona.

Feel free to contact Dr. Jeanne Almaraz, Associate Dean in the College of Business Administration, and advisor to the Cal Poly Chapter of NSLS – jaalmaraz@cpp.edu

Event

What is WIT?

We are Women In Tech. A new club on campus this year, we're dedicated to diversifying the tech industry by providing our members with the equitable resources they need to succeed in their prospective fields. We connect you with the professional development opportunities you need, hands-on learning, volunteering, resources for your fields of interest, and scholarships.
